CONGELATS OLOT, S.L.

## STAFF AND ORGANIZATION

Congelats Olot started its activity in the frozen food industry in 1967. **Over 40 years of experience** behind us endorse our work.

Our most important asset is our staff, made up of dynamic and engaged workers. By means of **training**, team cohesion is maintained.

Our **premises** have been renewed. They are placed in a **privileged setting**: surrounded by nature and well-connected in terms of transport. They consist of a plot of 16.000 m<sup>2</sup> that includes a **3.000 m<sup>2</sup> production plant and a 3.000 m<sup>2</sup> cold store.**

## OUR VALUES

**Quality and Food Safety** have been certified by **IFS and BRC**. Our work with **local suppliers** facilitates raw material control and an agile service.

A **continuous production system** minimizes the risks.

**Deep-freezing** has been chosen as the best preservation system to guarantee safety and quality.

**4% of our turnover** is invested in **R&D+i**.

We **take care of our surroundings** by treating our waste water, controlling the emission of gases, managing waste, buying local food and encouraging energy saving.

Preservatives are not employed and the use of additives is minimised, which results in **healthier and more nutritious products**.

## OUR CUSTOMERS

Projects and processes are developed and shared with our customers. We continually strive for customer satisfaction in our products and services. **Transparency, responsiveness** to market demands and **flexibility** are some of the values we can provide them with.

Customers in the **Hotel and Catering, the Restaurant and the Mass Consumer industries**, from both the **Domestic and Export** market, trust in our products. Through a close collaboration with them we acquire a **better understanding of the market** and can continuously learn from new experiences. Thus, we become a good companion on the way.
